

## **12. TEAM BUILDING PACKAGES**

More can be achieved if you work as part of a team! This is because different people have different knowledge and skill sets, so by working together as a team you can learn a wide range other skills and see things from another perspective and share and expand your own knowledge and experience.

### **WHO IS THIS COURSE FOR?**

This course is for any company or organisation to look at how teams and team working is effective or how it can be improved. In order to meet deadlines it is important to play to people's strengths rather than everybody doing the same task and other tasks getting left.
